XXXV

UPLAND, CALIFORNIA, FRIDAY, JANUARY 10, 1930.—8 PAGES.

NO. 70.

L. RILEY TO SPEAK AT ANNUAL CHAMBER MEETING

Date For Governor Will
Feature of Program
January 30

ELECT DIRECTORS

man's Clubhouse Will Be
Scene of Meeting Open-
ing Year's Work

L. Riley, Republican can-
didate for governor and at pre-
sente comptroller, will speak
at annual meeting of the cham-
ber of commerce January 30 in the
Woman's clubhouse, ac-
cording to an announcement today
by W. Flickinger, in charge
of the phase of the meeting.
A capacity audience is expected
at the dinner meeting, when plans
for the year will probably be
made. February 1 is
set to mark the beginning of
the all-time chamber program.

Directors to guide the civic
next year will be elected at
the meeting.

Riley, who is also president
of the International Lions club, will
be on his second visit to Upland,
having spoken last fall at a dis-
trict club meeting in the
honor. Formerly a San Ber-
nardino county official, Mr. Riley
has been in state affairs after a
year of service, and many
are watching his campaign with
interest.

Word has been received as to
the nature of Mr. Riley's
address topic, although it
probably touches upon state con-
ditions and also allude to civic af-
fairs.

Final date for the annual
meeting was held tentatively un-
less given that Mr. Riley
could speak on January 30.
Mr. Carr heads the general com-
mittee in preparation for the meet-
ing. Mr. Flickinger was dele-
gate to engage the speaker.
Mr. L. Lawson has served
organization as president and
reside at the meeting. Clair
ark, secretary, will end his
year in that capacity.

Without Lights 2 Hours Last Night

and was without lights and
for nearly 1-2 hours last
night as the result of some trou-
ble in the Southern California
company power lines. Ex-
cuse of the trouble could not
be obtained today because of the
who made the repairs not be-
cause.

At 7:20 o'clock lights
went out the city, except one
of lights in the business
district, went out and remained
out after 8:30 o'clock.

J. MARSH HOLDS DISTRICT MEETING

in Auxiliary Conclave Is
held Thursday in San
Bernardino

Members of the Upland
auxiliary of the Ameri-
can Legion went to San Bernar-
dino Thursday to attend the Twen-
ty-third district meeting at which
Ethel Marsh, member of the
district auxiliary and president of
the district presided.

A meeting was held in the
Bernardino American Legion
at San Bernardino post, wel-
come the visitors and as a spec-
tator to the district presen-
tation of the meeting was
Kaeding, president of the
district of California. Also
past department president,
Chapline, was present.

Reports of the year's work were
made by all district presidents and
members of the Fifth area and
the affairs of the auxiliary in
splendid condition. Also
time was spent in outlining
program for the coming year.
Twenty-one units of the district
represented, the Upland rep-
resentative being Mrs. Elva Brad-
ford. Others attending from Up-
land were Mrs. Edith How-
land, Mrs. Clarence Fossett, Mrs.
Sleuman, Mrs. Ruth At-
wood and Mrs. John D. Howe.

Euclid Property Owner Offers to Aid With Parkway

W. A. Mackay, who owns
a frontage of 660 feet on
Euclid avenue, is not only
an enthusiastic booster for
the city and especially for
the further beautification of
the avenue, but also ex-
presses his civic loyalty in
words that mean something.

"The parkway on Euclid
should be extended and the
improvement should be paid
for by the owners of the
frontage, and I will gladly
pay my share of the work,"
Mr. Mackay said. "The work
should be started soon. It
would be my suggestion that
the city maintain the im-
provement after it has been
paid for by the residents. I
understand that the scarci-
ty of water is one obstacle
in the minds of some."

Mr. Mackay referred to
the Chino basin as one of
the largest underground wa-
ter basins in Southern Cal-
ifornia. He expressed him-
self as being in favor of the
city joining the Metropolitan
Water District, and especial-
ly so if the aqueduct is go-
ing through Upland.

With what appears to be
unlimited water sources so
near, Mr. Mackay said that
the extension of the park-
way should be accomplished.

GROUP READY TO WARN ABOUT COLD

Orchard Protection Company
Maintaining 23 Stations
to Aid Growers

Officers and members of the
Orchard Protection company were
ready for the real season of smudg-
ing, if that is to come this year,
according to statements today by
W. B. Cavers, president, and L. R.
Bradley, secretary.

When there is a weather fore-
cast that the temperature will be
30 degrees or below, the organiza-
tion begins to operate. Telephone
operators are stationed at the of-
fice of the company in the Upland
Lemon Growers' association build-
ing. Riders are in readiness to go
to the various key stations, of
which there are 23 in the district.
Mr. Cavers explained that there
has not been much smudging, and
that as yet the organization has
not found it necessary to operate.
Facilities are in readiness, how-
ever, so that all members of the
company will be notified when the
warning about declining tempera-
tures is issued.

New Families Are Brought to Upland by Beulah College

In listing Upland's assets that
attract to the city new and per-
manent residents, it is found that
Beulah college is no small factor,
according to figures supplied to-
day by a loyal citizen and a
staunch supporter of the college.
It no doubt will be of interest
to other citizens to know that
during the last five years no less
than 31 families have either
moved to Upland because of Beulah
college, or students coming here
have married and remained here,
thus constituting a new family. Dur-
ing the four years previous to
that period 19 in the same man-
ner have helped to swell the popu-
lation, making an even 50 new
families in the nine years.

In addition to this, many of the
students spend their summer vaca-
tions here and others after grad-
uation remain here working at
their daily avocation or profes-
sion.

Ninth Graders Hear Own Program Today

Ninth graders at the Upland
junior high school today heard a
program given by their class-
mates and held a discussion as to
what should be done with the
money raised in the presentation
of a play last month. Bert Nich-
ols, president, was in charge of
the meeting.

Lena Mae Bergman played two
piano solos and Marjorie Millard
and Helen Jones gave readings.
Charlotte Linkey and Helen Yah-
res sang a duet.
A combined assembly of junior
high school students and Tenth
street grammar school students
was held in the grammar school
building this afternoon.

UPLAND'S RAINFALL TOTAL INCREASED; NOW 3.32 INCHES

New Storm Brings 1.63 Inches
of Rain and Heavy
Snow in Hills

NO WORD FROM CANYONS

Telephone Lines in Mountains
Out of Order; Showers
Continuing

Upland's season rainfall is now
3.32 inches, 1.63 inches of which
has fallen since Thursday noon,
according to rain records kept by
J. R. Johnston at Twenty-second
street. This figure does not in-
clude the rain which has fallen
since noon today. Last year's
season total to date still stands
at 5.01 inches.

Following the rain the first of
the week, light smudging in lem-
on groves was necessary in the
Upland district, with heavier fir-
ing to the south and west. How-
ever, on Wednesday the clouds
again gathered and dissipated the
threat of frost, with slow rains
again setting in.

With all telephone lines into
San Antonio canyon out of order
no report as to the exact snow
fall this morning, however the
mountains are heavily blanketed
with snow reported as far down
as Seventeenth street.

Intermittent showers with some
sleet were continuing this after-
noon with every promise of con-
siderable more rain.

The rain is being of untold ben-
efit to all ranchers and orchardists
who are eager to see the storm
continue.

Citrus growers say this will be
an ideal precipitation if the tem-
perature rises before the storm
breaks, otherwise smudging may
again be resorted to.

Abandoned Machine Is Inspected Today

An abandoned, partially wreck-
ed car at Eighth street and Ben-
son avenue, has been watched by
Upland police for four days. The
registration card bears the name
of A. L. Schmekel, 2613 Mountain
avenue, Los Angeles.

Chief of Police J. F. Sawyer
and Carmen S. Lehman inspected
the machine today. Cause of the
abandonment is not known.

ONE KILLED, ONE DIES AFTER CRASH

Third Passenger Unable to Tell
Details of Accident at
Etiwanda

Said to be so drunk he was at
first thought dead, Timoteo Or-
tega, San Bernardino, was unable
today to give any details of the
accident Wednesday night on
Foothill boulevard near Etiwanda
which resulted in the instant
death of Mrs. Marie Nieves and
injuries to her husband Juan
Nieves which brought his death
at San Antonio community hospi-
tal today.

The car in which they were
riding was coming towards Up-
land, but who was driving and
what caused the car to leave the
pavement, skid about 40 feet and
turn over, are facts not yet
known.

Wiley W. Mather, who was re-
turning from Etiwanda, was one
of the first persons to see the
wrecked car. The Stone Funeral
Parlor ambulance brought the trio
to the hospital and later Ortega
was placed in the Upland jail for
questioning.

This morning was the first time
the survivor of the accident be-
came normal and one of his first
questions to Lorraine Loch, local
policeman, was "Why am I in
here?"

The Nieves were residents of
San Bernardino.

Etiwanda Woman Is Charged With Theft

On a complaint sworn out by
W. S. Coffin of the Coffin Trans-
fer and Feed company, today Mrs.
Gallardo of Etiwanda was charg-
ed with petty theft.
Chief of Police J. F. Sawyer
and Carmen S. Lehman were told
by her husband at the Etiwanda
home that Mrs. Gallardo was in
Los Angeles. It is charged that
the woman issued a check without
sufficient funds.

Big Gate Receipts, O K, Stanton Says— Use of Money Is Question

Big gate receipts at foot-
ball games are permissible
and a credit to an education-
al institution—but the use of
the money is the factor that
has brought disfavor on col-
lege athletics, Coach "Fox"
Stanton of California Insti-
tute of Technology, said at
the meeting of the Upland
Lions club in the Sycamores
yesterday noon.

Indifference of college pres-
idents and faculties is largely
responsible for the condition
that has resulted in the sub-
sidizing of athletics, he de-
clared and explained that
they have let football get out
of their control.

"The minute you let busi-
ness enter football, it is no
longer a matter of play,"
Coach Stanton said. "The
game is clean on the field,
but off the field it is a mat-
ter of gate receipts."

"Power of spirit in sports
is what is worth while. You
never lose if you are fighting
for an ideal."

Ideal of playing for the
sake of playing, is Coach
Stanton's philosophy of hand-
ling sports and athletics, as
he expressed it fervently
throughout the inspirational
address.

Cal-Tech's teams are al-
ways fighting for a spirit,
for an ideal and for the sake
of excellence, he said. He
looks upon subsidizing of col-
lege athletics as a detriment
to the individual and he cited

two instances of where paid
athletes ended their lives as
criminals.

"If professionalism harms
one player—one soul—it is
not worth it," he declared.

Coach Stanton's topic was,
"Why Cal-Tech's Spirit Is
Never Defeated" and he
was introduced by Ted C.
Combs, a former Caltech stu-
dent and on a track team
coached by the speaker. Owen
E. Atwood and Noyes Thomp-
son, who were on Coach
Stanton's teams at Pomona
college, greeted the Pasa-
dena visitor. Other visitors,
besides Mr. Atwood were
Ernest Olson and W. H. An-
drews.

Subsidizing of players to-
day is not to the extreme
that it apparently was years
ago, for Coach Stanton told
of having a contract offered
him from a college when he
finished high school. The of-
fered agreement specified the
amount of money he would
receive and a glorious record
of achievement was virtual-
ly assured, he said.

"Of course, it wouldn't do
any good for Caltech to sub-
sidize men, because they
couldn't even pass the en-
trance examination," he ex-
plained.

"Power of the spirit of
play should be primarily the
ideal," he emphasized. It will
make you be fair to the other
fellow and it will make you
seek excellence."

S. S. GENUNG DIES EARLY WEDNESDAY AT RANCH HOME

Well Known Local Rancher
Answers Call at
Age of 74

PLAN FUNERAL MONDAY

Services at Draper's Upland
Chapel; Dr. Stavelly
in Charge

Stephen Sylvester Genung,
prominent citizen of Upland for
many years, died early Wednesday
morning at his home, Fifteenth
street and Mountain avenue, at the
age of 74 years.

He was born in Terre Haute, Ill.,
July 3, 1855, and moved to Guthrie
(now Menlo) Iowa, in 1869. On
May 26, 1887, he was married to
Miss Louella J. Bryan at Terre
Haute. Mr. and Mrs. Genung
came to California in 1909 and lo-
cated on the present home ranch
in 1910, and since then he had
made his home in Upland, becom-
ing one of the prominent citrus
growers of this district.

He was a regular attendant at
the Upland Methodist church, giv-
ing generously both of his time
and his funds to the support of
the church activities. Mr. Genung
was a sincere, conscientious and
upright citizen, winning the con-
fidence and esteem of all who knew
him.

Surviving him are his wife, a
sister, Mrs. R. F. Grooms of
Menlo, Iowa; a brother, W. E.
Genung of Pomona, and two neph-
ews, E. H. Genung of Upland and
Carroll Genung of Pomona, both of
whom have been closely associ-
ated with their uncle for many years,
having known his guiding influ-
ence since boyhood. There are
also two nieces and two nephews
in the east. Mr. Genung's passing
has brought deep regret to scores
of friends who will sorely miss him,
especially in church and business
circles where he was so well
known.

Funeral services will be held on
Monday afternoon at 2 o'clock at
Draper's Upland chapel, the ser-
vice being conducted by Dr. James
A. Stavelly, pastor of the Upland
Methodist church. Interment will
take place in the Pomona mausole-
um.

UPLAND RED CROSS CHAPTER MEETING

Mrs. W. B. West Presides and
Quarterly Reports Made
of Activities

The regular quarterly meeting
of Upland American Red Cross
chapter was held in the library
Thursday morning with Mrs. W.
B. West presiding. Minutes of two
special and the annual meetings
were read and approved.

A letter acknowledging the re-
ceipt of an Afghan knitted by Mrs.
Flowers was read and one from
the U. S. Veterans' hospital in
Walla Walla, Washington, ac-
knowledging the receipt of bed-
jackets. These letters appear else-
where in the News.

Little Barnett Fuller, R. N.,
city nurse, reported that 81 visits
made to the Baby clinic during
the past three months, the small-
ness of the number being caused
by the moving of the baby clinic
to new quarters, and 25 visitors
to the clinic. Mrs. Fuller visited
73 families during this time and
made 31 welfare visits. Fruit,
vegetables and clothing were given
to four families.

A full report of the welfare
committee's Christmas work of
which Mrs. G. W. Eckerman is
chairman, will be given later as
Mrs. Eckerman is out of town.

Mrs. Flower, treasurer reported
\$39.26 paid out for chapter pro-
duction work, such as bed-jack-
ets, Christmas bags, etc., \$1.50
for disabled soldier relief, \$75.00
for public health nursing, \$10.00
for Christmas cheer for Sawtelle,
other welfare work \$55.78. Money
received from annual roll call
\$244.50.

Thirty-six sheets 27x36 inches
for the baby clinic were ordered
purchased and a carton of paper
towels for the same.

A certificate of appreciation was
issued to Mrs. Marvell Wire Mon-
roe from the executive board for
her work during the annual roll
call as chairman.

Uplanders Start New Year With No Blots on Record

First ten days of the new
year give to Upland a unique
record, as indicated today by
records in the police station.

There have been no auto-
mobile accidents within the
city limits.

There have been no Upland
persons within the walls of the
city jail.

There have been only two
Upland persons before Judge
George R. Crane, and these
cases came this morning when
Martin Gibson of San Antonio
Heights appeared on a charge
of speeding. His fine was \$15.
Homer Greear was fined \$1 for
driving with the muffler of his
car open.

The officials, however, have
been busy, and of the arrests
that have been made, all the
persons, except Mr. Gibson
and Mr. Greear are from some
place other than Upland.

Will Casey of Ontario was
fined \$30 for reckless driving
and the same fine was paid by
Walter Miller, Chino, on the
same charge. Cecil Bell, Whit-
tier, put up \$25 bail on a
speeding charge.

Under the direction of Chief
of Police J. F. Sawyer, the of-
ficers are keeping close watch
on all activities and looking
out for flagrant law violators,
and the record of the books is
particularly pleasing to the
officials.

AQUEDUCT ROUTE HERE UNCERTAIN

Manley Told by Metropolitan
District Officials of Pres-
ent Surveys

Route of the Metropolitan Water
district may take the aqueduct
through Upland anywhere "be-
tween the business section and Six-
teenth street," Richard G. Manley,
city engineer, was told by the
water district officials in Los An-
geles yesterday.

Surveys for the routes were
made on such a large scale that
it is hard to determine within 300
or 400 feet just where any one
route will place the aqueduct, he
was told. Geologists are now in
the field making careful study of
the formations and they will be in
the Upland territory within a
short time.

Mr. Manley was told that the
final route will be known within a
few months. The officials ex-
plained that as there are so many
factors to be considered, it was
impossible to give any detailed in-
formation.

If any one of three routes are
finally selected, Mr. Manley was
told, the aqueduct would go
through Upland some place below
Sixteenth street.

Cousin's Visit May Help Rain to Come

Dr. James A. Stavelly, pastor
of the Methodist church, thinks
that perhaps Mrs. Margaret
Adams, his cousin of Pittsburg,
Penn., may have something to do
with the rain.

"When she came to see us in
Redlands three years ago, it rained
more during the nine days she
was there than it had during the
previous nine months," he said.
Mrs. Adams came to Upland to
visit, after stopping a short time
in Tucson, Ariz. She had been
here only a short time when the
rain started this week.

J. T. Clarke Hurt In Accident Today

J. T. Clarke, 70 years of age,
resident at 490 West street, was
cut out the face, and James H.
White, Ontario, was arrested on
a charge of reckless driving as
the result of two cars coming to-
gether at Second avenue and
Eleventh street early this after-
noon.

N. B. Acers, 490 West street,
was driving the machine in which
Mr. Clarke was riding. Mr. White's
car crashed into Mr. Acers' ma-
chine. Carmen S. Lehman inves-
tigated and arrested Mr. White.

Finger Amputated Following Accident of Nearly Month Ago

Oscar Myers, who on December
12 received an injury to the ring
finger on his left hand, was back

PUBLIC TO DECIDE MEANS OF RAISING FUND FOR CHAFFEY

\$450,000 Needed in Building
Program and Bond Issue
Will Be Presented

DR. HILL TELLS OF PLAN

If Matter Defeated, Money
Will Come Out of Direct
Taxation

Students are today "flooding"
the Chaffey buildings to such an
extent that erection of new
structures is imperative, but the
voters will be given an opportu-
nity to determine whether they
want to pay for the improvements
by a bond issue or by direct
taxation, it was announced fol-
lowing a meeting of the Chaffey
board of education earlier in the
week.

There are two possibilities of
financing a building program, ac-
cording to Dr. Merton E. Hill,
principal, and he explained the
plan as follows:

"One way to provide funds is to
vote bonds, the other is to
'pay as you go.' The board has
used both methods during the
past 19 years. A sum of \$475,-
000 has been raised by bonds,
\$250,000 has been allocated from
the maintenance funds.

Plan For Five Years

"This policy has provided the
necessary buildings and equipment
during the past. The board has
decided that \$450,000 must be
raised for the next five year pe-
riod. This amount can be raised
by a bond issue, or it can be
raised on the basis of \$90,000 a
year for five years. The decision
as to how it should be raised will
be decided by the voters.

"A bond issue for junior col-
lege purposes of \$250,000, and one
for high school purposes of \$200,-
000 will be submitted to the vot-
ers with the understanding that
if the bond issue fails this amount
will be raised by direct taxes dur-
ing the next five years.

"The public will in this way
have the opportunity of deciding
how they want the building pro-
gram financed.

Will Give Facts

"The board will present to the
voters and taxpayers figures ob-
tained from the auditor's office
setting forth comparative tax
rates. It will be shown clearly
just what tax rate each plan
would require."

It was explained that the board
is impartial in the matter and
wishes to proceed as a majority
of the voters and taxpayers may
desire.

After months of study and af-
ter consideration of proposed ar-
chitectural plans, the board has
decided that it is absolutely nec-
essary to have additional junior
college and high school buildings.
The constant increase in the
number of students and the out-
look for the immediate future
create a demand for rooms and
equipment. The board has decid-
ed that it is wise at this time to
plan for the five-year period from
1930 to 1935.

CHAFFEY WILL GET CONFERENCE MEET

Jaycee Track Teams Will Come
Here March 1; Prospects
Good For Kegley

For the first time in several
years, the Southern Conference
Jaycee track meet will be held at
Chaffey and indications today are
that one of the strongest aggre-
gations ever representing Chaffey
will be entered.

March 1 is the date for the
meet. Coach "Pop" Kegley is
putting more than a score of men
through the early training antics
several times a week. Chaffey's
track field is said to be one of the
best in the conference. Having
the competition on Gaber field
will be a slight advantage to
Chaffey.

Not many Upland athletes have
as yet entered the battle for
places, but two or three are sure
of a place on the team.

at the San Antonio community
hospital today for amputation or
part of the finger.

Myers, who is 20 years of age,
had been working for W. A.
Beuhler, Cucamonga blacksmith
only a few days, when he suffer-
ed the accident.

ONE-WAY DRIVE ON EUCLID OPPOSED

Woodbridge Gives Many Reasons For Not Making Change of Routing

The Upland News:

We have asked those who are interested to let you know how feeling about the suggested plan for making east and west Euclid street. It seems to me necessary, unwise and unfair for following reasons.

It is unnecessary. Upland is a ban city and except for the traffic on a few of the holly- Euclid avenue never ap- hes being a crowded thor- are, and even on such days traffic naturally goes to the Either side is amply wide for two lines of traffic, and should three cars be side by there is still ample room to nt accidents.

It would be inconvenient and ex- ve. This plan has been pro- before and dropped, prin- for these reasons. Euclid

is still a fruit producing ct, and wagons and trucks d with pickers, fruit, smudge d fertilizer, etc., are hauled it all the year. The one-way would force every such load ntering or leaving the groves rsections, for about half the to make an extra haul of nearly a half to three- hs of a mile.

For instance, William Osborne, between 18th and 19th ts on the west side, whenever ove his team north to a grove d be compelled to go nearly rter of a mile south in order et on the east side, making y a half mile of extra driv-

A. L. Weber might be called patient a block or two south m, but would have to drive y a quarter of a mile north again some distance south of patient's house before turning n on the avenue, and mean- the patient might have died emorrhage. All such extra ng means extra wear on the ways, and extra cost to each ator and especially to the es, while the extra time in- ed might spell disaster in fill-smudge pots. Inasmuch as aw says we must drive on the side of the highway this plan d mean that practically all the r on the pavement would be e one side, whereas now it is t equalized. This is a real

to the people who paid for original pavement and to all are interested in maintaining e highways.

It would lessen the enjoyment he avenue. I drive over the ue twice per day and some- s many more times, and I k I speak for all on the ave- where I say that it is pleas- at times to drive on one side he other. It may be the sun he wind or merely that we t to be closer to some im- ment, or we want to make usual call on a neighbor, or aps because we want to use easier riding east side. This sound a small matter, but it d not be disregarded unless absolutely necessary to do so. avenue is for enjoyment as as utility.

In general, one-way streets are lightly decided upon any- re, and are always more or of a nuisance and a source treat annoyance to those who not familiar with a city's laws. ther do they always prevent or n accidents, as is shown by a nt one on the avenue when a on and two automobiles going he same direction came to- er and smashed one car and wagon and killed one man. scandalous disregard of and spect for so many laws, and aps for all law in general, is largely to the passing of just a unnecessary and burdensome s and ordinances as the one pro- ed. And, in my opinion, it d increase this disrespect and a constant source of friction,

Upland Veterans May Secure Jobs in Taking Census

Upland veterans of the World War and other wars may be interested in knowing that honorably discharged soldiers, sailors or marines and widows of same, are to be given preference in obtaining positions as census enumerators, according to word received here by James K. Fisk, state adjutant of the American Legion, from Wm. M. Stewart, the director of the census at Washington.

Director Stewart points out that approximately 100,000 enumerators will be chosen to take the census throughout the nation. The rates of pay will be such that an enumerator of average industry can earn, Fisk was told, from \$3 to \$8 per day during the period of enumeration. Application blanks may be secured by writing to Director Stewart at Washington and when the blanks are received from veterans and widows of veterans, they will be referred to the census supervisors of the various census districts who have the authority to select the enumerators and notice of appointment will be sent by the supervisors to the applicants.

Mission Play Makes World Record Giving 3000th Performance

On Monday night, Feb. 17, John Steven McGroarty's Mission Play at San Gabriel will reach a record of 3000 performances. No play of either ancient or modern times has ever equaled this. It is a thing unparalleled in the history of the mimic stage since Lope de Vega went first barn-storming through Spain giving plays from a cart drawn by a donkey on dusty roadsides.

The occasion will be made memorable in many ways. All the old Franciscan missions of California will send representatives to especially in the case of traffic to and from the groves.

T. R. WOODBRIDGE.

TWO SOLOISTS ON SYMPHONY PROGRAM

Chaffey Orchestra Will Give Popular Numbers in Concert, Jan. 30

Edward Franklin, who for many years was soloist in Sousa's band, and Marcia Johnstone, recently from Chicago, where she was a popular harp soloist, will be the special attractions when the Chaffey Symphony orchestra will present its first 1930 concert, on January 31, Fred W. Wilding, Jr., director, announced today.

The orchestra will appear in popular numbers and the combined attraction is expected to bring one of the largest crowds in history to the concert.

The complete program, as announced by Mr. Wilding, follows:

Otello Verdi
Three Classics by Nevins—
1.—Narcissus
2.—Mighty Lak a Rose
3.—The Rosary

Fluor solo, Fantasia and Variations
Edward Franklin

1812 Tschowsky
Harp solo Marcia Johnstone
Gypsy Rondo Hayden
Pique Dame Suppe

San Gabriel that night. The governor of the state and many prominent men and women in civic and cultural achievement will be present. Madame Schumann-Heink, the most beloved of all the world's singers, will be present to render several numbers. There will be other special features and the night will in every way be always remembered by those who shall be present to witness it.

John McGroarty would like that each town in California would have a representative at this 3000th performance. It is a matter that should be taken up by every local chamber of commerce, service club and other organiza-

What Nearby Editors Have to Say

Sierra Madre News: There are now 27,000,000 automobiles in the United States. It's a good thing some of the fools who own a half dozen can drive only one at a time.

Corona Independent: Where's all this money going and where's it comin' from? We read of the railroads, the counties, the cities and the power companies and other concerns budgeting millions of dollars for 1930 construction work here in the southwest, with figures so staggering that most of us can't even get to first base on the totals, and what the average man is tryin' to do out is how much, if any of this big money is goin' to jingle in his pants before the year is ended.

North Hollywood Press: Do not be hasty. That Hoover program may not get in motion this week, next week or the week after. In order to be substantial it must be well grounded. Processes are at work, and results will be in evidence in the near future.

San Bernardino Evening Telegram: The activities of Rotary clubs in the United States in their concerted effort to decrease the number of boys who leave high school before finishing the course vindicates the service club movement even if it had no other reason for existence. This is one of the most worthy enterprises ever

Santa Fe Travel in City Exceeds 1929

Travel to and from the West through Upland on the Santa Fe is better now than it was a year ago and indications are that it is going to continue in a large way, according to announcement from the railroad officials.

Both California and Arizona are on the verge of receiving probably the greatest influx of winter tour-

undertaken. No greater contribution could possibly be made to the welfare of the republic and the usefulness of the coming generation.

An education is the greatest gift any individual or group could make to the youth of the land. To the boy it may mean the difference between failure and success, mediocrity and leadership, hardship and happiness. To society it may mean the difference between bad citizens and good citizens. An education may not be wholly a requisite to a useful life but it enhances the individual's opportunity to be of service.

In the past, too many promising boys have been permitted to abandon school upon reaching the maximum of compulsory school age. Incalculable numbers of them would have continued with their studies had they received such encouragement as the Rotary clubs propose to give. A few words of inspiration, a new suit of clothes, a job after school, even the knowledge that somebody was interested in their future might have changed the whole course of these boys' lives for the better.

It is possible that there are boys of a type upon which a college education would be wasted. But there is none who would not be the better for high school training. The Rotary clubs could engage in nothing more useful than this effort to keep boys in high school until they finish the course.

ists on record, according to James B. Duffy, assistant passenger traffic manager.

John, wishing to play truant from school, phoned to his schoolmaster, saying in a deep, gruff voice: "I am very sorry my son John cannot attend school today. He is very ill."

Schoolmaster: "And who is this speaking?"
John (in same gruff voice): "My father."

Uplander Arrested on Wife's Complaint

Delver Thompson of Upland is in the Pomona jail today, charged with adultery, following his arrest here yesterday at 931 Fifth avenue on a warrant sworn to by Mrs. Lucille Thompson, his wife, who recently came here from Pomona. Mrs. Della J. Casson, formerly of Puento, was also arrested and is awaiting trial. They were to be transferred to the Los Angeles county jail unless bail could be placed.

Local Buyers Attend Spring Style Show

Mrs. Mark H. Bailey of the J. J. Atwood store spent Wednesday in Los Angeles attending the spring style show at the Biltmore. In the evening Mr. and Mrs. Owen E. Atwood and Mrs. F. E. Samuel drove down to see the magnificent display of spring apparel for mid-lady.

Mrs. Bailey took particular note

of the length of the various types of dresses, finding the sports and street wear a few inches longer than in the recent past, coming well below the knee, while the formal afternoon and the evening gowns are quite long, though not so extreme as some stylists and manufacturers have attempted to initiate. The materials, which particularly interested Mrs. Bailey, are very beautiful and she plans many attractive additions to her yardage department.

Your town may not have a traffic of 25,000 cars per week, but half—even one-fourth of 25,000 cars, is traffic enough to make it well worth your while to do something to get it. Get sold on the place where you live and then sell it to every motorist that travels through your community.

It costs you nothing to buy your supplies at home, and usually you save money by it. Isn't it a bit thoughtless to fall thus to back up the business of the town that does so much for you?

Presbyterians Are Urged Bring Fruit to Church Sunday

The annual contribution of fruits to the Presbyterian Monte Vista home near Pasadena will be delivered the first of next week, and all women of the Upland Presbyterian church are urgently requested to bring their donations of fruits to the church Sunday morning and leave them in the secretary's room.

Mrs. Leon Durham will deliver the contribution to the home the first part of the week.

It is customary to send the fruit to the home in December and since delivery has already been delayed it is hoped the church women, and any others who wish to participate in the giving, will bring in their fruit Sunday as Mrs. Durham will visit the Monte Vista home immediately.

Fruits of all kinds, fresh, canned, jellies and preserves, will be gladly received.

SEMI-ANNUAL SHOE SALE

We are determined that this sale shall attain new standards of Value-Giving — We promise you ECONOMIES for which you've hardly dared hope! Notes of Society

Business Women's Club Hears Address by Edward E. Gray

Edward E. Gray, local attorney, was the speaker at the monthly dinner meeting of the Upland Business and Professional Women's club which was held Tuesday night in Crowell hall and the club members found him to be a very interesting speaker, confirming the reputation he has gained among other clubs of the city.

When the guests had found places about the rectangular table, which was decorated with pretty baskets of flowers, the meeting was opened by the club president, Mrs. Margaret H. Wright, and community singing, with Mrs. Esther D. Paine at the piano, was followed by the reading of the club collect by Mrs. Mark H. Bailey. An excellent dinner was served by members of the Ladies Aid of the Methodist church.

During the business meeting that followed the dinner, the usual routine affairs, including the reading of the minutes by the secretary, Mrs. Esther D. Paine, were taken care of and quarterly reports were made by Miss Helen Hilty, treasurer, and Mrs. Mark H. Bailey, club representative in the Woman's Auxiliary of the San Antonio Community hospital. In her report Mrs. Bailey stated she had eleven more completed booklets ready to be placed in the hospital library. She also announced that the hospital salvage shop is requesting the club members, as well as all other women in the community, to go over their old clothing and see what contributions they can make to the salvage shop, the stock of which needs replenishing.

A number of communications to the club were read by the corresponding secretary, Mrs. Lucy H. Jorgensen, and some time was spent in discussion of efforts of various women's clubs over the state to prevent discriminatory legislation concerning women in industrial and commercial life. A circular resolution expressing the sentiment of the club as being opposed to such discrimination was adopted. The question of affiliation with the National Federation of Business and Professional Women's clubs was also discussed but no action was taken.

Without taking any definite subject, Mr. Gray spoke in general of laws that pertain to the legal rights of women and marshaled before his audience a miscellaneous array of legal facts that aroused their interest and in some instances occasioned surprise.

Mr. Gray at times revealed glimpses of a sense of humor that was refreshing as he told of certain ancient laws and also related incidents that have come within his personal experience. His talk was very much enjoyed and at the close of the meeting he was pined with questions by a number of the guests.

In the absence of the two members of the January committee, the arrangements for the meeting were made by the president, Mrs. Wright, with Mrs. Bailey assisting with the table decorations.

Tuesday Evening Bridge Club Has Happy Meeting

Mrs. Paul Bodenhamer was hostess to the Tuesday Evening Bridge club at her home on West Twenty-first street when this group of congenial friends gathered for a delightful 7 o'clock dinner and pleasant evening around the bridge tables.

The prettily appointed table at which the delicious dinner was served was brightened with lovely poinsettias and tall red candles, and the flowers were also used in the house decorations.

At the conclusion of the bridge games the prizes were awarded, guest prize going to Mrs. John Broadus, a visitor from Kansas City. Mrs. H. C. Moore won high score prize while Mrs. Reid B. Bordwell drew consolation.

The club members present as

guests of Mrs. Bodenhamer were Mesdames E. C. Mehl, Paul Adams, Reid B. Bordwell, H. C. Moore, Clair E. Kirk, John B. Craig, P. H. McQuillen, J. F. Sawyer, J. Lynward Grahame, Owen Atwood, Glen Atwood, Frank Nichols, P. R. Daggis and R. H. Henderson, two visitors being Mrs. Eldon Atwood and Mrs. John Broadus.

Mrs. J. Lynward Grahame will be hostess at the next meeting of the club.

Mrs. Fagan Hostess at P. E. O. Luncheon Meeting

Members of P. E. O., Chapter DV, were guests Monday of Mrs. Harris T. Fagan, at her home in El Morado court, when she entertained with a 12:30 luncheon, the assistant hostess being Mrs. W. H. Snoddy.

Lovely Scotch heather was used in the house decorations and also graced the attractively appointed table at which a luncheon of delicious menu was served.

The afternoon session opened with the regular business meeting, which was followed by the program in charge of Mrs. Geo. H. Crill. An entertaining feature of the program and also one that afforded much amusement and served to refresh the memory on things musical, was a song pantomime or contest in which each member was asked to represent or present in some way an old-time song, the other guests attempting to name the song thus presented. A pleasant social hour was also enjoyed and the guests visited happily.

There was an attendance of 15 with two visitors, Mrs. Pittman, guest of Mrs. McQuatters, and Mrs. Anthony of Los Angeles, guest of Mrs. Ralph Myers.

The next chapter meeting will be held with Mrs. Ralph Myers.

Advance Bible Class Enjoys Social Meeting

Once every two months the members of the Advance Bible class of the Methodist church gather for a social meeting and to make the occasion the more enjoyable the invite as their guests the members of their families. The December-January social meeting was held Tuesday night in Crowell hall and the hostesses were those members whose birthdays come in these two months, being Miss Harriet Riley, Miss James Thomp-

son, Mrs. Wade V. Holden, Mrs. W. W. Horak, Mrs. R. S. Hood, Mrs. Alice Reed, Mrs. George Culver and Mrs. Wilbur Dundas.

The social hall was brightened with a pretty arrangement of jars of poinsettias and cotoneaster with its dark green foliage. The guests, numbering about 45, joined in playing a number of amusing games and a merry social hour of visiting was enjoyed. Late in the evening delicious refreshments were served by the hostesses.

Departing Visitors Given Dinner at Engle Home

On the eve of their departure for their home in Enterprise, Kan., W. G. Froelick and his son, Joe C. Froelick, who have been visiting here for the past two months, were dinner guests Tuesday evening at the B. F. Engle home, 330 F street, Mrs. Engle and Mrs. John Engle being hostesses.

Early spring stocks were used in decorating the prettily appointed table and an excellent dinner was served. Those finding places at the table were the Messrs. Froelick, Mr. and Mrs. W. H. Froelick, Miss Freida Musselman, Miss Ethel Engle, Miss Frances Musser and Mr. and Mrs. B. F. Engle and Mr. and Mrs. John Engle.

Friends Enjoy Bridge Party at Cassell Home

Affording a happy time for a number of guests, Mr. and Mrs. George W. Cassell were hosts on Tuesday evening at a delightful bridge party, five tables being arranged for the game. Baskets of holly with its bright red berries formed attractive decorations for the rooms.

The bridge games proved a pleasant pastime and an enjoyable hour was spent about the card tables. At the conclusion of playing, prizes for the ladies were awarded to Mrs. Marion Grothe, first, and Mrs. Arthur Hargrave, second; while the men's prizes went to Arthur Boone, first, and Karl Kaiser, second.

Guests of Mr. and Mrs. Cassell were Mr. and Mrs. Robert Schaefer, Mr. and Mrs. Marion Grothe, Mr. and Mrs. Owen Davis, Mr. and Mrs. Art Hargrave, Mr. and Mrs. Karl Kaiser, Mr. and Mrs. David Bradford, Miss Elizabeth Harris, Hubert Manker, and from Whittier, Mr. and Mrs. Arthur Boone and Mr. and Mrs. James Gerrard.

Fountain of Youth Girls Enjoy Theater Party

A part, the prettiest part, of Mac's Trusty Crew, the girls at

the Fountain of Youth, enjoyed a theater party Tuesday night, being guests of Mrs. Greta Gibson when they attended the Granada theater to see "Sunny Side Up." In the party were Miss Phyllis Moore, Miss Sarah Louise O'Brien, Miss Marjorie Bollinger and Mrs. Gibson and two special guests, Mrs. Gibson's sister, Miss Madelyn Knoll, and Miss Gene Moore, sister of Miss Phyllis Moore.

U and I Club Completes Mid-Winter Series

Mr. and Mrs. W. E. O'Brien were hosts Tuesday evening to members of the U and I Bridge club and the gathering proved to be a merry one.

As an innovation Mrs. O'Brien served a delightful cafeteria dinner at 6:30, the guests particularly enjoying the informality of service. The bright red berries of the cotoneaster contrasting with the green of the foliage and tall red candles in glass candlesticks formed effective decorations for the rooms.

Bridge was the all-absorbing occupation of the evening and since this was the concluding game in the mid-winter series when the final scores were to be totaled, there was keen rivalry between the contestants, the men on one side and the women on the other.

At the beginning of the series the women took an easy lead, but noting the chagrin of their husbands they diplomatically slackened in their skill with the result that the men's score rose to high place, and in the final game Tuesday night the women players graciously permitted it to remain that position. To a casual observer the wives seemed to be making all most desperate efforts to capture the series, but that, no doubt, only shows their skill in camouflaging.

As a result of the outcome of the series the wives are once again planning some special treat for their husbands. Mrs. R. C. Norton, as president of the club, will soon call a meeting of the women to decide just what shall be the nature of the entertainment.

Guests of Mr. and Mrs. O'Brien Tuesday night were Mr. and Mrs. R. C. Norton, Mr. and Mrs. Elmer Mathews, Dr. and Mrs. Claude P. Mengle, Mr. and Mrs. D. R. Foss, Mrs. William Atchley and Mrs. M. E. Ashley.

Los Serranos Chapter Will Meet Saturday

Los Serranos Chapter, D. A. R., will meet Saturday afternoon at the home of the regent, Mrs. F. H. Wallihan, 230 East J street, Ontario.

The meeting will open at 2:30 and the principal feature of the program will be a talk on the narcotic menace by Mrs. B. F. Warner. The members are anticipating a very interesting meeting.

Bridge Club Enjoys Happy Meeting Wednesday

The Wednesday meeting of the Bridge club was a very pleasant affair, a happy surprise shower being added to the usual enjoyable features.

Mrs. Verle Dinger was hostess to the club at her home, 762 Elm street, Ontario. Mrs. Dinger used a pretty arrangement of garden flowers to brighten the rooms.

At the conclusion of the bridge playing score cards showed first prize had been won by Mrs. John Andreas, club visitor playing in the place of Mrs. Françoise Biane, the one absent member. Mrs. Kermit Palmer won honor prize and consolation went to Mrs. Glenn Melton.

Mrs. Donald Fast was the sur-

prised and happy recipient of a stork shower when her friends presented her with a collection of lovely things for her layette.

Concluding the pleasant meeting Mrs. Dinger served her guests with a delightful afternoon collation.

Those sharing in Mrs. Dinger's hospitality were Mesdames Glenn McLaughlin, George Cuning, Oris Heinauer, Kermit Palmer, John McKee, Floyd Chambers, Glenn Melton, Waldo Scott, Melvin Dinger, Don Fast and John Andreas.

Mrs. Heinauer will be the next hostess of the club.

Mrs. Barker Hostess to La Estrella Auxiliary

A very enjoyable meeting was held Wednesday by members of La Estrella Auxiliary, O. E. S., when they met as guests of Mrs. W. D. Barker, 1819 Euclid avenue.

The meeting opened with a brief business session which was followed by a delightful little program presented by Robert Thompson and Miriam Louise Settle, each of whom gave clever readings.

The remainder of the afternoon was spent very pleasantly by the guests, some playing card games and others preferring to pass the time with friendly visiting.

Concluding the enjoyable meeting Mrs. Barker served delicious hot refreshments which were especially appropriate for the chilly afternoon.

Attending the meeting were Mesdames T. M. Nichols, W. S. Avery, Chas. O. Deverts, Harry Kennedy, R. C. Norton, H. M. Guy, D. D. Crew, Roy Barker, F. W. Palmer, Blanche Loch, T. H. Chastain, Isabel Foster, Sarah Nelson, Isabelle Wisely, O. A. Thompson, and Thomas Settle, visitors being Mrs. F. N. Davidson, Mrs. Ralph Barker of Santa Ana, daughter-in-law of the hostess, and

her baby, and Mrs. H. J. Fox, who is spending the winter here from Old Mission, Mich.

Mrs. Jellison Entertains Guests at Dinner

As a courtesy to her cousin, Mrs. Joe Sherk of Warren, Ill., and Mrs. Alba S. Green of Youngstown, Ohio, a sister of Mrs. C. H. Alvord, and a friend of Mrs. Green, Mrs. Will E. Morris, also of Youngstown, Mrs. I. W. Jellison entertained at dinner Thursday.

Assisted by her daughter-in-law, Mrs. Clifford Jellison, and her two nieces, Misses Pearl and Hazel Jellison, the hostess prepared and served a delicious dinner.

During the afternoon the relatives and friends devoted the time to quilting while they visited with one another and enjoyed the gathering in happy fashion, and the young folk gave several musical numbers.

Guests of Mrs. Jellison were the honorees, Mrs. Sherk, Mrs. Green and Mrs. Morris, also Mrs. C. H. Alvord, Mrs. C. H. Post, Mrs. Alice Reed, Mrs. L. T. Jellison and Mrs. A. E. Lucas.

On Wednesday Mrs. Alice Reed entertained at dinner honoring the same visitors, her guests being Mesdames Sherk, Green and Morris, and Mr. and Mrs. C. H. Post, Mr. Sherk and Mr. and Mrs. I. W. Jellison.

Daughters Disregard Rain at Meeting

Despite the continuous rain which fell Thursday night, Mary Brainard Tent, Daughters of Veterans, held the regular meeting in the Legion clubhouse and a number of affairs of interest to the tent were taken up.

Plans were discussed for the holding of the installation of officers on January 17, and it was

announced that the I. O. O. F. had been secured for the Officials of Isabel Barrett at Pomona will conduct the installation.

The flower committee reported that two cyclamens had been to Comrades' wives who were to attend its installation on January 16, and a number of members are planning to go.

Dependability

The confidence that prompted many phone calls for our service without any specific instructions, is sincere tribute to dependability to service every need and to fulfill every expectation.

Local News Briefs

Miss Anna Houle of Tucson, Ariz., was a week-end guest of Mrs. Judith Bordwell, 458 First avenue.

Mr. and Mrs. Albert Grabendyke Redlands were in Upland Saturday visiting Mrs. Effie Mcowan.

Mr. and Mrs. H. V. Cavers, both of whom have been ill of influenza, are improving and were able to sit for a time today.

Mr. and Mrs. William Korrell of Pasadena were guests Tuesday of Bert Billington and his daughter, Mrs. Susan Mehl.

C. G. Wheeler, accompanied by friend from North Pomona, went to Los Angeles Jan. 3 to attend a show of Rare and Fancy Poultry club of California.

Harry Flowers was issued a permit today for the construction of a garage at 757 Third avenue. The structure is to cost \$150 and will be built by H. A. Cooley.

Miss Caroline Brownson, who spent the holiday vacation here with her parents, Mr. and Mrs. R. Brownson, left Thursday on the turn trip to Wellesley college.

Mrs. John Broadus of Kansas City, who has been the guest of Mrs. Paul Bodenhamer and other friends here, has taken an apartment and will spend the winter in Upland.

Mrs. Cless D. Grier and her aunt, Mrs. Maud S. Roth, who have returned to Upland after spending several months in the beach cities of Los Angeles, have taken the house at 788 Euclid avenue and are comfortably established there.

W. G. Froelick and his son, Joe Froelick, who have been here the past two months visiting their son and brother, W. H. Froelick, and family, on West Seventh street, have left for their home in Enterprise, Kan.

Miss Sally O'Brien has returned to San Diego, where she is attending the California State Teachers college, after spending the holidays here with her parents, Mr. and Mrs. W. E. O'Brien. Miss O'Brien's grandmother, Mrs. J. L. Brien, who is staying in San Diego with her granddaughter during the school term, went to Kansas City for the holidays, returning at the opening of school.

Mrs. J. B. Groff of Sixth avenue returned the first of the week from Sacramento, where she had been visiting her daughters.

Dr. Bert Foster, Ralph Alquist and Norval Jordan of Upland attended the Lions club meeting at Ontario Wednesday noon.

Mr. and Mrs. H. M. Guy were in Long Beach today attending the annual convention of the California Newspaper Publishers association.

John Royer of Sterling, Ill., made a short visit this week with H. R. Ebersole of Sixth avenue. The Royers and Mr. Ebersole were neighbors in Illinois.

Latest and Best Books when you want them. Why not have a membership in Rental Library. Dues 3 cents a day.—Cless D. Grier 365 East Ninth Street. 70-1

The latest word received here from Mrs. Noah Musser, who is with her parents in Abilene, Kan., states that her mother, who has been seriously ill, is improving.

Mrs. E. E. Hawthorne is suffering with a severe attack of influenza. Her son, Robert, who was ill for several weeks, is continuing to improve.

Mr. and Mrs. Kelley Kirkwood of Long Beach are expected to arrive here at the home of his parents, Mr. and Mrs. D. M. Kirkwood for a visit over the weekend.

Wiley W. Mather spoke at the meeting of the Etiwanda Service club Wednesday night, telling of his recent trip to New Orleans where he attended the national convention of the American Political Science association.

H. F. McDonald is employed now in Mitchell's meat market on Second avenue. With his family, Mr. McDonald came to Upland a few months ago from Beaumont. He is living at 627 Laurel avenue, having purchased the property shortly after arriving here.

Esther Combs, sister of Ted C. Combs, is expected in Upland soon from Colorado, where she has been visiting. After spending a few days with her parents in Long Beach, Miss Combs will come to Upland and be here for a short time.

We frame more pictures every day.—Manker & Benson, Inc. 60-1f

Meeting scheduled last night to form a Rabbit Breeders' association for the West End was postponed because of the rain, R. M. Hobbs of Upland said. Mr. and Mrs. Hobbs are active in preparing for the organization.

Eldon Atwood is making arrangements to secure an emblem for the Cucamonga Service club and it is planned that the emblem will be presented at the next meeting of the club. Mr. Atwood, with Dave Anderson, is on the club's program committee for next month.

Fourth fracture of the arm was suffered by Jack Beattie, eight year old son of Mr. and Mrs. A. C. Beattie, Cucamonga, when he fell from his bicycle. The injury caused the fracture of both bones of his lower left arm. About three months ago, he tripped and fell, breaking the same arm.

Double Bill To Be Shown at Colonial

It's a big double bill again at the Colonial theater tonight. Alice White stars in "The Girl from Woolworth's," with Charles Delaney and Tom Tyler and Frankie Darro will appear in "Idaho Red."

The Sunday and Monday program is a William Fox production. "Behind that Curtain," starring Warner Baxter and Lois Moran. This film pictures a daring crime, a persistent lover, and a pursuit in strange corners of the globe. "The Forward Pass" is coming for Tuesday, Wednesday and Thursday of next week.

State Will Improve Ditch on Foothill

Some improvement will be made by the state traffic department on Foothill boulevard from Mountain avenue east, Richard G. Manley, city engineer, was told in a letter today from the state official.

A ditch varying from 1 1/2 feet to one-half foot in depth is next to the pavement on the south side of the artery. Mr. Manley looked upon the condition as a possible trap for fast drivers and other cars on the highway and he called the matter to the attention of the state department.

Boy in a hardware store: "I want a file." Hardwareman: "Do you want a steel one?" Boy: "No, I want to buy one."

Surprise Party Is Given by Danners

A delightful evening was spent when a birthday surprise party was given Clyde Ott Danner on Jan. 7. Part of the evening was spent playing Bunko.

High score for girls was won by Frances Roberts. High score for boys was won by Cecil Eshelman and boogie by Fannie Van Horne. Other interesting games were played and later dancing was enjoyed by some of the guests.

Mrs. Danner served delightful refreshments which included a beautiful birthday cake. Those who attended the party were Mr. and Mrs. C. C. Danner and son Clyde, Leila Frost, Mildred Roddick, Fannie Van Horne, Frances Roberts, Mary Brain, Bice Williamson, Harry McKinney, Cecil Eshelman, Roberts Lutz, and Homer Greear.

Salesman Is Charged With Embezzlement

After he had charged gasoline bills and used the telephone frequently, a man giving the name of Bob Smith, a radio salesman, induced Mrs. Rena Mitchell, proprietor of a lunch stand and gasoline station on Foothill boulevard to let him take her radio to Camp Baldy, where he said he could make an advantageous trade.

Smith took the radio and he has not been heard of since. Today he is charged with embezzlement, the complaint being issued by Judge George R. Crane.

Pasadena School Sends Group Here

Representatives of Pilgrim Bible college, Pasadena, visited Beulah college Thursday at the invitation of the student body. The visitors were entertained at dinner in the school dining room and during the day they visited several classes.

During the Beulah college unit hour, the visitors gave a program of songs, two short addresses and two readings by Miss Thomas, English teacher. The visit resulted in a day of good fellowship and mutual enjoyment.

The two schools have practically the same enrollment in academy and junior college and they are quite similar in spirit and religious purpose.

The Pilgrim Bible college delegation gave Beulah college an invitation to send a group to visit their school at a later date.

California Leads World in Sardines

California leads the world in the size of its fishing industry and the lowly sardine is the biggest haul, 420,000,000 pounds of them in 1928. Mackerel is second in importance. Monterey bay comes first and the port of Los Angeles second. In order of volume other fish rank—tuna, sole, rock fish, salmon, baracuda. Swordfish rank far down in the line.

There's A Waiting Line "Marriage," we were saying to a modern young lady the other day, "is a great institution." "Maybe," she said, "but who wants to live in an institution?" —Spokane Spokesman.

Notes of Society

Children Enjoy Birthday Party by Candle Light
Thursday evening at the home of Mr. and Mrs. John Engle, Mrs. H. S. Engle entertained her Sunday school class in honor of the tenth birthday of little Frances Aileen Musser, who is making her home with the Engles while her mother is in Kansas.

The youthful guests had just started popping corn when the lights went out and the sudden darkness created considerable excitement, one little girl who did not know what had happened being quite frightened. However, the room was soon lighted with candles and the children enjoyed an old time popcorn party, having a merry time in the candle light.

During the evening the guests were served with refreshments, the pretty pink and white birthday cake with ten lighted candles being a surprise for Frances Aileen.

Attending the party were Dorcas Alderfer, Eunice France, Ger-

aldine Gish, Irene Musser, Harriet Bohen, Naomi Bohen, Lillian Cartwright, Ruth Wenger, Margaret Kilpatrick, and the small hostess, Frances Aileen, Mr. and Mrs. John Engle and Mr. and Mrs. H. S. Engle.

Special Board Meeting Followed by Delightful Tea

A special meeting of the executive board of the Upland Woman's club, called by the president, Mrs. Una R. Winter, was held at the clubhouse Monday afternoon.

All members of the board, 15 in number, were present, as were most of the members of the ways and means committee, who had been requested to meet with the board to plan for the club's financial activities. During the conference plans were made for the holding during the next five months of several entertainments, bridge parties, etc., for the benefit of the club treasury. As a result of this action several delightful affairs are in prospect during the spring months.

As a pleasant courtesy to her board and committee members, Mrs. Winter concluded the conference with a delightful surprise tea, served quite informally. Mrs. Winter served her guests in the north lounge which, with the partition doors closed and a bright fire in the large fireplace, was quite cozy and attractive, tempting the women to linger for some time as they visited. The dainty tea menu included one item that proved a pleasant surprise to the guests, being a delicious salad made of cactus apples gathered from her own plants, a choice variety of Burbank fruiting cactus.

Woman's Club to Resume Work With Splendid Program

Following the lull in club activities during the holidays, the first meeting in the new year of the Upland Woman's club will be held Tuesday, January 14, in the clubhouse and for the occasion a delightful program is being planned.

The luncheon will be held at 12:30 and beginning at 1:30 sharp, in place of 1:45, the program will be given and one feature of the meeting that is attracting much interest among the club women is that with one exception the speakers will be members of the club and their subjects will be of special interest. Among these speakers will be Mrs. L. D. Temple, Mrs. Leon Durham, Mrs. J. Emory Sargent, and Mrs. H. W. Hawkenson.

The one non-resident speaker—and she is very near to Upland—will be Mrs. H. R. Stanford, district chairman of gardens for the district federation of Woman's clubs, and a leading figure in Ontario's "City Beautiful" movement. That Mrs. Stanford will have something of unusual interest to say will not be doubted.

A large attendance of the membership is expected at the Tuesday meeting and the members are reminded to make reservations early with Mrs. W. E. O'Brien and to help start the club work for the new year with contagious enthusiasm.

Surprise Call made on Recent Bride and Groom

A charivari that turned into a welcome shower was given Thursday night for Mr. and Mrs. Wm. C. Andrews, recent bride and groom, at their home, Benson avenue and Tenth street, when members of the Upland junior high faculty paid them a surprise visit. Driving out to the home, the self-invited guests lined up their cars and raised quite a din by honking their horns until the "victims" came outside and invited their callers to come in.

Gathering about the fire the merry party visited for a time and later presented the Andrews with a number of inconsequential gifts, the presentation being made quite seriously. But this was only a forecast of the real shower which came when the guests presented a handsome pair of Kenwood blankets.

The guests also had provided delicious refreshments which were enjoyed later in the evening.

Those taking part in the surprise visit to the Andrews home were Mr. and Mrs. W. E. Brubaker, Miss Elizabeth Griggs, Miss Mary Louise Jones, Miss Clove Lukehart, Miss Rosamond Martin, Miss Lyle Merchant, Miss Fannie D. Noe, Miss Nellie Randall, Miss Anna L. Rohrig, Miss Vivian Soder, Miss Gertrude Wilcox, and Mr. and Mrs. Harold W. Cook.

Mrs. Grier Tells of Los Angeles Show

Mrs. Cless D. Grier spent some time in Los Angeles Wednesday shopping in the wholesale centers for the spring needs of her shop, but the greater portion of the day was spent in attending the spring style show in the Biltmore.

The evening gowns and many of the afternoon costumes, she says, are of ankle length and draperies

are displayed to a considerable extent, although the tendency to extreme unevenness in hemline is not so pronounced as was expected, many manufacturers making modifications at the last moment. Street and sports dresses reach to a few inches below the knee and show a decided tendency to circular skirts and pleated fullness.

It's rude for a man to sleep while his wife is talking, but, then, a man must sleep sometime.

The Smoothest Highway To Town

... and more economical!

TRY the Big Red Cars next time you go to town... Glide along on smooth steel rails...entirely free from traffic responsibilities and parking worries.

And save money, too. Low round trip fares make the Big Red Cars your most economical means of transportation. Also, Commutation and Monthly Pass fares are only slightly over one cent per mile. Compare this with your present travel costs...and remember you save parking fees also!

Besides, you reduce nerve strain, gain extra leisure for reading or relaxation...arrive quickly and safely at your destination.

Try this smoothest highway to town next time you go. Make an actual test, and know why thousands always ride the Big Red Cars.

Price Complete \$278.00

Telephone Engineering, Responsible for Radio's Development—Adds Perfected Record Reproduction

—Also a New Low Console with Extra-Size Electro-Dynamic Speaker

ALL America knows the superb tonal quality of Stromberg-Carlson radio. Here is an instrument in which that matchless tone, given even greater beauty through refinements of design, is made available for the reproduction of modern phonographic records.

Now—you can hear records as they have never sounded before—all the gems of recorded music as though from the musicians themselves without the slightest indication of an intervening medium.... A brilliance of reproduction which was not thought possible even a few short months ago.

It is entirely logical that from Stromberg-Carlson Laboratories, which for 35 years have been perfecting voice transmission and reception, should come this new quality of electrical reproduction of records. For it is telephone laboratories that have developed the tone quality of radio to its present point.

Besides this Radio-Phonograph the new year brings still another Stromberg-Carlson accomplishment—a Receiver with every radio perfection of its companion, contained in an exquisite cabinet so compact as to delight the owner of a home where space is at a premium.

These instruments, together with models No. 641, No. 642 and No. 846 offer a wide range of choice in Stromberg-Carlson Screen Grid Receivers.

LEGION SEEKS TO BOOST MEMBERSHIP

Five Delegates Will Represent Local Post at Conclave If 127 Enrolled

When there are 127 members of the Upland Post American Legion, the local group will be entitled to five delegates at the state convention, Thomas E. Howerton, chairman of the membership committee, said in an appeal at the meeting of the group in the clubhouse Tuesday night.

Mr. Howerton reported that the quota of the local post had been made in the membership, but that a few more members would result in the post getting still more distinction.

Dr. Alfred Cookman, naturalist lecturer and a popular speaker before Upland organizations, delivered his address on birds, pointing out the economical value of many birds, which the general public frequently condemns. Dave L. Vashinder introduced the speaker.

Earl E. Marsh, commander, was in charge of the session. He reported on a recent meeting of a welfare committee in Los Angeles. Clair E. Kirk reviewed activities at a recent meeting of the county council held here, at which steps were taken to employ a service officer to handle ex-soldier cases.

Safety First

"Fifty years of happy married life! How have you managed it?" "Well, for one thing, son, I've always admitted I was wrong."—Detroit Free Press.

Business from motor traffic is not hard to get. Apply the same principles that a modern merchandiser applies to getting business for his store and the results will be satisfactory. It is a problem of modern business, and modern business is a problem of selling.

Renewed Interest Marks Meeting of Church Societies

Taking up their church activities for the new year with a renewed interest and enthusiasm that was encouraging, the Ladies Aid and the Missionary society of the Upland Presbyterian church held an all-day meeting at the church Tuesday. There was a splendid attendance and each one entered into the spirit of the meeting as though she indeed enjoyed being present.

During the morning the Ladies Aid held a business meeting which was followed by a pot-luck luncheon at the noon hour which was marked by hearty goodfellowship.

The Missionary society met in the afternoon, the session opening with a brief business meeting which was followed by the program given by Mrs. E. L. McCartney of San Antonio Heights and Mrs. Loraine Loch, Mrs. Loch contributing a delightful monologue on stewardship entitled "Money Talks."

Mrs. McCartney, who has made a close study of mission work and who is an entertaining speaker, carried her audience away to Alaska and gave them a vivid description of the mission fields in that land of snow. Describing the rugged country and the difficult problems to be met there and also giving a glimpse of the character and customs of the sturdy people, she presented something of the romance of the frozen north as well as its stern realities.

Telling of the difficulty of changing the viewpoint of the seemingly impassive Eskimo and Indian, Mrs. McCartney stressed the value of favorable first impressions being made by the missionaries and spoke of the lasting influence on the Alaskan mind of the early day rough and ready civilization. She also gave examples of the beauty of character the native Alaskans sometimes reveal under the proper influence.

All those attending the meetings

BRIGGS WILL LEAD JAYSEE IN OPENER

Upland Captain Begins Last Year at Chaffey; Game Here Tomorrow

Shuler Briggs will lead the Jaysee five in its first conference battle against Pasadena on the Chaffey floor tomorrow night. Briggs played on the casaba and the Upland student will begin his last season of play for the Chaffey institutions.

Few athletes have established a record as that made by this sport. While in high school, Briggs played on the freshman squad and three years on the varsity. In his junior year he was selected as forward on the mythical all-star Citrus Belt league team and he was also captain of the Chaffey team in his senior year.

Last year he won a place as forward on the all-star Jaysee conference team, and at the close of the season he was selected by his teammates as captain for this year.

Briggs is one of the fastest men on the gym floor and his speed combined with a keen eye developed by years of experience, make him an accurate shot and an all-around dangerous man.

Chaffey Orator to Enter National Event

Chaffey high school's best orator will be entered in the international constitution contest as sponsored by the Los Angeles Times and other metropolitan newspapers, according to an announcement today.

Each year districts hold contests and through a system of eliminations, a high school orator to represent the nation is selected.

felt they were more than well repaid for the time spent.

Church Directory

BRETHREN IN CHRIST CHURCH

Home of Beulah College
B. M. Books, Minister
H. G. Brubaker, Associate
Third at F Street, Upland

Our Sunday morning prayer hour is changed from weekly to monthly. There will then be no prayer hour until the first Sunday of February.

The minister will preach at 11 on the "Unbroken Fellowship." Numbers 32:12. At 8, Cletus Naylor, one of our licensed ministers, will preach for us.

The young people, intermediates and juniors, all meet at 6:30. Praise and prayer, 7:30.

Tuesday, 7:30 p. m., is teachers' meeting.

Wednesday, 7:30 p. m., prayer and Bible study. The subject is I. Peter, 2:11-25.

The Sunday school meets at 9:30 to discuss the lesson on the "Baptism and Temptation of Jesus."

We invite the stranger to come at least once to these services.

FIRST MENNONITE CHURCH

A. J. Neuenschwander, Minister
Campus Ave. and Washington Blvd.
"The Friendly Church"

9:30 a. m.—Sunday school. With the new year is a good time to start.

10:30 a. m.—Morning worship. Theme, "Sacrifices That Unify."

7 p. m.—Christian Endeavor meetings. Topic, "How Can Nations Practice the Golden Rule?"

Matt. 7:12; 20:20-29. 7:45 p. m.—Evening service. "The Beginning of the Early Church."

The choir will render special numbers at both services.

A definite effort is made to enlarge the scope and attendance of the mid-week service. A committee is studying the possibilities and will make the plan clear to the whole congregation through announcements at the morning worship service. A number of classes

for the different ages are to be inaugurated. Books of the Bible will serve as study material. Classes are to start Wednesday, Feb. 5. Acts the 12th chapter will be the passage for Wednesday evening. Let us study God's Word together.

METHODIST EPISCOPAL CHURCH

Jas. A. Staveland, Pastor

11 a. m.—Morning worship; sermon, "By Faith We Bring It Near." Music—Prelude, "Glorious Things of Thee are Spoken." Atrium; offertory, "Berceuse." Schytte; anthem, "My Faith Looks Up to Thee." Nevin.

7:30 p. m.—Evening worship; sermon, "Constraining Love." Mr. Aaron A. Jordan will minister with song. Music—Prelude, "Song." Rubenstein; offertory, "Adagio." Beethoven; anthem, "O Praise the Lord." Frazee.

Other Services

7 a. m.—Morning watch.

9:30 a. m.—Church school.

6:30 p. m.—Epworth League services for the Junior High, Senior High and Young People's departments.

CHURCH OF THE NAZARENE

Third Ave. and Ninth St.

W. L. Brewer, Pastor

Sunday, Jan. 12, to 26—Special evangelistic meetings with Evangelist C. E. Keys of Southern California. Music by Rev. and Mrs. R. A. Shank, recently of Columbus, Ohio. Revival singers and composers. Each evening at 7:30 except Saturday.

Sunday at 11 a. m. and 7:30 p. m. Come and hear these gifted and spiritual folk preach and sing.

If your town is not getting its share of this business, the reason lies within your town—it may lie with you. If your community is not getting more than its share, it is because you and your town are not going after it.

METHODISTS PLAN FOR CHURCH FUND

Meeting of All Persons Interested in New Building To Be January 27

With leaders of the Methodist church agreed that a new building is necessary, steps were being made today for the realization of the \$15,000 building fund, which has been set as the goal by June 1.

With this amount in cash at that time, a definite building program will be formulated. This sum is to be the basis for a further campaign to secure the full amount.

In the meantime, plans will be made for the securing of the \$15,000 cash fund and at a meeting of the general church membership January 27 definite details for the campaign will be announced.

Committees Meet

Representatives of four committees of the church met Wednesday night and discussed ways and means of conducting the financial campaign. No definite action was taken at that time, but at the January 27 meeting, a definite program of action will be submitted. Those attending this meeting, however, will be asked to serve on the general committee to aid in securing the \$15,000 cash fund.

Start of the financial canvass may be at a meeting when Bishop Burns will be the speaker, according to the suggestion made by Dr. Staveland. Bishop Burns has been asked but his acceptance and date for the meeting have not been received.

Can Pay Later

When persons make their cash contribution toward the \$15,000 fund, it will be definitely explained that at a later time an opportunity will be given them for additional pledges, payment of which may extend over a period of years.

Small "building fund" envelopes

Church Women Plan Meetings Next Week

Meetings of three of the women's organizations of the Methodist church will be held next Monday and Thursday. At 7 o'clock Monday evening the Wesleyan Service Guild will meet at the home of Mrs. Oris Heinauer, 2159 North Palm avenue. A missionary who is now in Fontana and who is familiar with the mission fields of China, will be the speaker.

An all-day meeting of the Advance Bible class will be held on Thursday in Crowell hall.

At 7:30 Thursday evening the Young Women's class will hold a social meeting in Crowell hall.

Upland to Discuss Highway Situation

Upland representatives will meet with the members of the state highway committee in San Bernardino January 17 and discuss the improvement of highways in this district.

Arrow highway and Foothill boulevard are projects being considered and their improvement will be discussed. Other cities in the county will have representatives there and a picture of the road situation in the county will be presented.

may be placed in the pews of the church, for use by persons desiring to make weekly or irregular payments toward the building project, this suggestion being made by Dr. Merton E. Hill at the committee meeting Wednesday. Dr. Staveland also said that some plan would be devised to give the people a visible report of the progress in the campaign.

Decision to get \$15,000 in cash by June 1 came at the quarterly conference last month, after the officials and building committee had made a study of the building needs. More than \$3,000 is already in the building fund and other amounts are promised when \$15,000 more is obtained.

Negro Spirituals Are To Be Heard at Church Sunday

Aaron A. Jordan, director of the large choir of Wesley church, colored, in Los Angeles, will provide the special musical feature the evening service at the Upland Methodist church Sunday, singing a number of Negro spirituals. A well known director and vocalist has appeared in Upland before, having given an evening program at the Methodist church two years ago, and those who heard him know the excellence of his singing.

Due to an accident which temporarily incapacitates one of the group, the Andrew Bell Ring, who were scheduled to present a program of their beautiful music at the Sunday evening service, were compelled to postpone their appearance, but will hold their service at some later date.

William Atchley, county beekeeper, has been in Stockton the past ten days on business connected with the honey industry.

CARD OF THANKS

EDISON COMPANY EXPANDING HERE

New Horsepower Capacity in District—Upland Sub-Station Affected

Keeping with the steady growth of Upland and the West the Southern California Edison company is planning enlargements for its local sub-stations and for an increase of approximately 7700 new horsepower capacity in the Ontario district during 1930, according to an announcement made here by Glenn Smith, district manager.

Expenditures for distribution, transmission and new business requirements in the Ontario district, which includes Upland, Ontario, Cucamonga and Alta Loma, total \$264,200. Mr. Smith said that the Edison company distributes payroll funds amounting to \$150,000.

The district will also share extensively in the general system modernization to be effected by the addition of \$7,066,416 for additional steam-electric and hydro-electric generating facilities, transmission stations and lines.

This part of the company's construction budget of \$23,601,058 for 1930, which is approximately 30,000 greater than the 1929 budget.

The district contributed materially during the year just ended to the substantial growth recorded by the Edison company. New business totaling 600 horsepower was contracted for by the company during the year and it is anticipated that the increase of fifteen per cent in the total connected load will be shown at the conclusion of the present year.

Entering upon 1930, Mr. Smith said, the Edison company has the second year of a five-year program of extension and development in all of its districts. Expansion of merchandising activities is planned as greater construction activities. The district, he said, will continue to be an important factor in the company's development.

Radio Programs

Through the courtesy of Roy Lighton's radio department the radio programs on the air between tonight and Monday night given here: Following are the name of the station, and title of the program:

Friday, Jan. 10
7 p. m.—KHJ, Sunset Ensemble.

Eleanor Moses Is Heroine in Play

Eleanor Moses of Upland is the heroine of "The Melting Pot," a drama to be given by the Chaffey high school next Friday night. She takes the part of a young Russian girl.

An experienced cast will present the play, all those in the production having appeared in at least one stage play previous to this one. Miss Moses has appeared in "Penrod," "Seventeen," and "The Mummy and the Mumps."

Upland Girls Play on Chaffey Court Teams

The girls' senior class basketball team at Chaffey, which numbered three Upland players, defeated the junior class team, with three Upland girls among the line-up.

Frances Dundas, Mary Norton and Lucille Jones were on the senior team and Margaret Brest, Betty Lee Bodenhamer and Wanda Oswald were on the junior team.

Entertainment Program.

LIBRARY LEADERS PLAN FOR FUTURE

Improvements Made Gradually
Due to Lack of Funds;
Basement Improved

By Mrs. F. H. Manker, Librarian

Possibly many people, beside those who use the library regularly, wonder just what is being done with the front of the building and why.

Getting ready to put the boys' and girls' department in the basement is not just one day's work, neither can it be done in a week, a month, or a year. It takes planning and sometimes planning for years.

In the case of the Upland library, the boys' and girls' department has been in a state of planning for three or four years and still we are two or three years from the time of completion.

If it were possible it would be wonderful to just ask the city trustees to allow the full amount in their budget at one time to cover all that must be done to get ready for this department. Any one knows—in fact everyone knows—that when taxes make a rapid rise without seemingly any reason, or there may be a very good reason for a jump, the dear tax payer really doesn't like it!

Well, the library trustees are trying to get a little addition to the library fund each year so that the different departments may be properly developed. The one department that is highly undeveloped is the boys' and girls' department, and one that the library staff has known needed considerable help and encouragement.

In this day and age of specializing, not just any librarian, assistant, or other person could carry on the children's department, needing as the children do now, someone trained in this particular line of work. With this object in view, the library trustees must do a little each year to get ready for the work. The first thing they decided to do was to get the basement in fit condition for such a department and so the basement walls were made waterproof and the present work on the front steps is also to make them waterproof for a great deal of water, whether cleaning water or rain water, seeps thru into the basement.

The steps were torn out, also the floor in the entrance way, and the entrance way is now getting a new floor of tile. As soon as weather permits, new cement steps will be put in, which will be much easier to climb, having a wider tread and later, a handrail will be added on each side.

Next year it is hoped to put in shelving, a fireplace, gas heating, tables, chairs, and decorate the room. The next year if the appropriation increases with the library's needs, a children's librarian will be employed and the boys' and girls' department will be a reality.

District Meeting

P-T. A. Announced
by Mrs. A. W. Burt

Fifth District, California Congress of Parents and Teachers, will convene for the second regular meeting on Friday, January 17, at Jewell Methodist church, Eighth and G street, Colton. Mrs. A. W. Burt, San Antonio Heights, Upland, district president, will preside.

It will be an all-day session with the morning business meeting opening at 10 o'clock, followed by a luncheon at 12:30, served by the Colton P-T. A. council.

Reservations for the luncheon must be made not later than Saturday morning with the district publicity chairman, Mrs. E. W. Park, phone Ontario 1129-W.

Mrs. Burt is asking all council presidents in the district and those association presidents outside the councils to be ready to report the important developments in their work during the year.

At the afternoon session opening at 1 o'clock, the Colton Woman's club chorus will provide a musical program and the three speakers will be Dr. Regina Westcott of the Alhambra; C. R. Clifton, superintendent of Monrovia schools, and Mrs. T. R. Carlisle of San Bernardino, District Founders Day chairman.

Orange Show Heads Seek to Get Upland to Enter an Exhibit

Orange show officials from San Bernardino on Wednesday sought to secure Upland's agreement to place an entry in the national mid-winter classic next month, but the chamber of commerce directors felt they were expressing the sentiment of the community, when they definitely decided to remain out of the exhibit this year.

William Starky, president, and Roy Mack, manager, spoke at a special meeting of the chamber directors, and submitted a tentative design for an Upland entry. Due to the expense involved, the group decided to not enter, and to have the money for use in local projects.

HUGE SUM WILL BE SPENT ON LINES

Pacific Electric Company Is
Planning Extensive Work
During Season

Gloom gossipsers will find no solace in the announced expansion program for 1930 of the Pacific Electric Railway, announcement of which was received here today.

Exceeding the past year's improvements, during 1930 a total of \$2,580,000 will be expended by the Pacific Electric throughout the 1161 miles of the system. D. W. Pontius, President of the railway, said, "While not yet fully appropriated to the various items as shown to the itemized expenditures, the executive stated that equipment, roadbed, overhead, grade separation and power additions would share in the coming 12 months program."

Improvements of some nature are planned for every line on the system, faster service with greater comfort being the objective of the various betterments in contemplation.

"During 1928 and 1929 the Pacific Electric spent more than \$5,000,000 new capital for improvements and additions," said Mr. Pontius, "and in 1930 we will spend 2,580,000 to further improve the property and service to the public. The foregoing figures of course represent only new money invested in the property and do not include in any way operating expenses. During 1930 we estimate that our operating expenses will approximate \$15,725,000 the bulk of which is spent in wages, taxes and purchases from Southern California industries and merchants."

Junior Farm Center Planning Excursions

Members of the junior farm center at Chaffey are going to have several inspection trips throughout the southland and at the end of the day's journey they will be entertained at dinner by a woman in Ontario.

Charles A. Perrin, director of student projects, said that the woman had made the offer and that trips were being planned to the Riverside experiment station, to the Junior Republic and to places below Chino.

Quality in Radio Tone Is Desired, Creighton Says

Roy Creighton, local Crosley radio dealer said today that the demand for quality in radio tone this year is more widespread than ever before.

"Time was," he said, "that the first thought in a radio purchaser's mind was price. Just so the set produced a station was sufficient apparently. How clearly the broadcast was brought into the home was of secondary importance."

"Now, however, since the greatest singers and musicians of the world are broadcasting and since grand opera prima donnas are resigning from grand opera companies to accept broadcast contracts, tone is in demand."

"On what radio can I get the most perfectly natural reception of this or that opera star's broadcast? That is today's most frequent question to radio dealers."

Special Language Course
"Have you been married long?"
"Just long enough so I have found there are a lot of things you can't say with flowers."—Pathfinder.

M. O. D. BUILDING SITE TO BE TOPIC

If Permit Refused in Session
Tonight, New Location
Will Be Selected

Should the Ontario city planning commission at a hearing tonight, recommend that the Mutual Orange Growers be refused a permit to construct a \$75,000 packing house on Palm avenue at the Pacific Electric tracks, another site would be chosen and work would proceed soon, according to I. H. Weaver, field representative for the packing concern.

Since announcement was made several weeks ago of the organization's plan to construct the house at the Palm avenue site, many protests have been received by the Ontario officials and a public hearing was called to decide whether or not a permit would be issued. The meeting will be in the Ontario city hall at 7:30 o'clock tonight.

The site chosen is in the residential district and a special permit is necessary before construction can be started.
Mr. Weaver explained that his organization has several other locations in mind.

Cucamonga-Alta Loma

Funeral services for W. T. Cason, who passed away Sunday night at the Riverside hospital, following a lingering illness, were held in Corona, his former home, Tuesday afternoon, with interment beside his wife in the Corona cemetery. Deceased, who was 77 years old, and a native of Tennessee, had

made his home in Cucamonga for the past ten years with his daughter, Mrs. G. P. McCorkle and family. Another daughter, Mrs. H. T. McCorkle of Hemet, and one brother in San Pedro survive.

A delightful afternoon was spent by members of the Alta Loma Bridge club Wednesday, when they were entertained by Mrs. Franklin Roth, with colorful holiday decorations adding a festive note to the occasion. Three tables of players participated in the round of auction games, Mrs. H. L. Salisbury claiming highest score at the close. A tempting collation served by the hostess followed the tourney.

The Woman's Home and Foreign Missionary society held their monthly meeting yesterday at the home of Mrs. Wm. Cunningham in Upland.

Mr. and Mrs. Claude McKee, who have been residing in Benicia, Cal., for the past few months, returned to Alta Loma Sunday evening, where they are for the present staying at the home of Mr. McKee's parents, Mr. and Mrs. J. W. McKee. Mr. McKee returned here to assume his old position with the Alta Loma Heights packing association.

"Travel in Europe," through the eyes of a Cucamongan, was the subject of an entertaining after-dinner talk by Mrs. Wayne E. Morse Tuesday evening at the regular monthly ladies night of the Cucamonga Service club at The Sycamores, as the principal feature of the evening's program.

One of the outstanding meetings of the week will be the annual meeting and election of officers for the new year, when members of the Alta Loma Community club will feast on delicious roast turkey and cranberry sauce at the regular club feed, this being made possible by the generous donation to the cause of two holiday birds won by Gordon Billings and Wilbur Minor at the New Year's turkey

shoot at the Alta Loma Gun club. Following a bountiful dinner, election of officers will be held and reports received on the good works accomplished by the club during the past year, which has proved a very successful one under the leadership of President Emory Barkow and his staff, John Belcher, vice-president, and Harry Wright, secretary-treasurer, the outstanding achievement being without doubt the calling together of all the various water companies of the West.

End for the organization of a Cucamonga Basin Protective Association for the conservation of flood waters and the replenishing of the underground water supply of the district, this movement being the outgrowth of action first taken by the Alta Loma Community club.

The New Year was ushered in most happily for Mr. and Mrs. Dale Richardson when old "Daddy Stork" presented them with a fine 7½ lb girl, Friday, Jan. 3, at the Community hospital, with mother and babe doing nicely. The little miss has been named Barbara Ann. One of the happiest of New

Year's gifts bringing joy to her grandparents, Mr. and Mrs. George S. Foster of Alta Loma, was the safe arrival on New Year's morning of a nine pound baby girl at the Alhambra hospital, born to Dr. and Mrs. Ralph Scofield of Arcadia.

Friday afternoon thirty members of the Cucamonga Woman's club were delightfully entertained by Mrs. E. E. Ramsell and her sisters, Mrs. Nellie Schmoeck and Mrs. Bertha McNally, at the Ramsell home. Mrs. E. R. Hively, president, called the meeting to order and reports on the annual Christmas boxes sent to the Old Men's Home at San Bernardino, were given. Mrs. J. H. Williams announced her volunteers for the sewing and mending at the hospital during the last two weeks in January, which club members contribute annually. Featuring the program of the afternoon was a most entertaining travel talk by Mrs. William I. Pinckney, who held her audience quite spellbound while she described a motor trip last summer over the Redwood highway, a

four-day visit in Portland and the Columbia River trip, thence to Vancouver and Victoria, B.C.

Knows His Chuck
A lady was entertaining the small son of her married friend.

"Are you quite sure you can cut your meat, Willy?" she asked after watching him a moment.

"Oh, yessum," he replied without looking up. "We often have it as tough as this at home."—The Lyre.

Playing On His Keys
"Why does that man next door keep hammering on only four notes of the piano?"

"He's very conscientious. far he has made only one payment on it."

Mother: "I hope when we go away, Cora, dear, that you look after baby Josephine like a mother."

Cora Ann: "Yes, mother, gave her two good slappings."
